

Shoe Sizing Guide

ENGLISH

Here at S&H, we want you to feel completely confident in your online purchase. That means knowing exactly what size shoe is going to fit you the absolute best. The S&H Systems Corps. Technical Design Team spent countless days tangled in measuring tape counting every zeptometre* to provide the specifications outlined in this informative guide. When your order arrives at your front door, you will know exactly what you're getting into. Literally. (For further inquiries, please contact service@shibley-halmos.com.)

- 1 This is a general guide for all S&H shoes.
- 2 Our shoes fit true to size.
- 3 We do not make half sizes. If you are in between sizes, size up. (If you are a size 9.5. You should get a size 10)
- 4 The width of our shoes is not too narrow, nor is it too wide.

*That is an exaggeration. Measurements accurate to the nanometer.†

†Okay. Okay. Measurements accurate to the quarter inch.
